INDEPENDENT AUDITOR'S REPORT

Board of Directors
Memphis Gay and Lesbian Community Center
Memphis, Tennessee

We have audited the accompanying financial statements of Memphis Gay and Lesbian Community Center (MGLCC), a nonprofit corporation, which comprise the statements of financial position as of December 31, 2014, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of MGLCC as of December 31, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We also provide education and outreach to a wide variety of organizations including churches, schools, law enforcement facilities, and others. 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Financial Statement Presentation

MGLCC prepares its financial statements on the accrual basis of accounting to focus on MGLCC as a whole by presenting balances and transactions according to the existence or absence of donor-imposed restrictions. This has been accomplished by classification of balances and transactions into three classes of net assets - permanently restricted, temporarily restricted, and unrestricted.

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by MGLCC. Generally, the donors of these assets permit MGLCC to use all or part of the income earned on related investments for general or specific purposes.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met by actions of MGLCC or the passage of time.

Unrestricted net assets - Net assets not subject to donor-imposed stipulations.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expiration of temporary restrictions on net assets (i.e., the donor-imposed stipulated purpose has been fulfilled or the stipulated time period has elapsed) is reported as reclassifications between the applicable classes of net assets.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Functional Expenses

Expenses are charged to each program based on direct expenditures incurred. Any program expenditures not directly chargeable are allocated to a program based on an appropriate base, (i.e. square feet occupied and number of program employees).

Tax Status

MGLCC is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code and has been determined to be an organization, which is not a private foundation. Donations to the Agency are deductible by the donor as charitable contributions for federal income tax purposes. Management is not aware of any actions or events that have occurred that might adversely affect the Agency's tax-exempt status.

MGLCC's policy is to classify income tax related interest and penalties in interest expense and other expenses, respectively. There are no interest and penalties related to income tax assessments in the current year. Fiscal years ending on or after December 31, 2008, remain subject to examination by federal authorities.

Property and Equipment

MGLCC capitalizes property and equipment over \$1,000. Lesser amounts are expensed. Purchased property and equipment is capitalized at cost. Donations of property and equipment are recorded as contributions at their estimated fair value. Such donations are reported as unrestricted contributions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, MGLCC reports expirations of donor restrictions when the donated or acquired assets are placed in service. MGLCC reclassifies temporarily restricted net assets to unrestricted net assets at that time. Property and equipment are depreciated using the straight-line method over estimated useful lives ranging from seven to forty years.

Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized. When items of property or equipment are sold or retired, the related cost and accumulated depreciation are removed from the accounts, and any gain or loss is included in the statement of activities.

Long-lived assets, including property and equipment and other intangible assets having a definite life, are currently reviewed for impairment whenever events or changes in circumstances indicate that their carrying amount should be addressed pursuant to Statement of Financial Accounting Standards ("SFAS") No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*. Pursuant to SFAS No. 144, impairment is determined by comparing the carrying value of these long-lived assets to management's best estimate of the weighted average future undiscounted cash flows expected to result from the use of the assets and their eventual disposition. In the event an impairment exists, a loss is recognized based on the amount by which the carrying value exceeds the fair value of the asset. No impairment has been recognized in the accompanying statements of activities.

Cash and Cash Equivalents

For purposes of the statements of cash flows, MGLCC considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents. There are no cash equivalents in the current year.

Accounts Receivable

Accounts receivable are stated at face value minus any allowance for doubtful accounts. MGLCC provides an allowance for doubtful accounts equal to the estimated uncollectible amounts. MGLCC's estimate is based on historical collection experience and a review of the current status of accounts receivable. It is reasonably possible that the estimate of the allowance for doubtful accounts will change.

Donated Services

Volunteers periodically provide uncompensated non-specialized services such as administrative and operational assistance. The value of these services is immaterial in relation to the financial statements taken as a whole and is not recorded.

Events Occurring after Reporting Date

MGLCC has evaluated events and transactions that occurred between December 31, 2014 and June 19, 2015, which is the date the financials were available to be issued, for possible recognition or disclosure in the financial statements.
